

Morse Fall Risk (to replace the current fall risk)

All patients are at risk to fall, we need to identify those who are at higher risk.

Fall Risk is assessed on admission, every shift, and with changes in status.

Morse Fall Scale 05/24 0724 D00000010265 CHART,PATIENT

History of falling (immediate or previous):

1	Yes	Last documented on Admission History:
