

Mission Cerner Helpful Hints – SurgiNet

The screenshot displays the SurgiNet interface for a patient named TRAINREGIONALS, TROCAR. The patient banner shows details such as age (42 years), gender (Female), and location (AMC PACU). A menu on the left lists various documentation options like 'Surgical Services Summary', 'Periop Doc', and 'Iview and I&O'. The main area shows a list of MOR documentation forms, including 'MOR Case Times', 'MOR Anesthesia Time Out', and 'MOR Patient Positioning'. A 'Refresh' button is highlighted in the top right corner.

- Case Selection– List of patient cases.
- Pre-Op Doc- Access/Document OR Record
- AdHoc- Additional Unit specific forms
- Iview and I&O- Documentation of Care (ex: Pre-Op Checklist).
