

# MEDITECH Expanse TIP SHEET

## Apheresis

The Apheresis (APHERESS.C.OM) order was updated to account for a new free-text query of indication.

These changes were made in collaboration with the Corporate Service Lines and Provider Product teams

<p><b>Apheresis</b></p> <p><input type="checkbox"/> Stat</p> <p><input checked="" type="checkbox"/> Routine <span style="float: right;">* New 04/01/26</span></p> <p>* Provider: Attending01,Provider</p> <p>* Source: Department Process</p> <p>* Type of procedure: [Dropdown]</p> <p>* Date of procedure: [Calendar]</p> <p>* Frequency/number of treatments: [Text]</p> <p>Phone number: [Text]</p> <p>Apheresis comment: [Text]</p>	<p>These are the previous queries for the Apheresis order</p>
<p><b>Apheresis</b></p> <p><input type="checkbox"/> Stat</p> <p><input checked="" type="checkbox"/> Routine <span style="float: right;">* New 04/01/26</span></p> <p>* Provider: Mt,Meditech</p> <p>* Source: Care Plan</p> <p>* Type of procedure: [Dropdown]</p> <p>* Date of procedure: [Calendar]</p> <p>* Frequency/number of treatments: [Text]</p> <p>Phone number: [Text]</p> <p><b>Indication</b>: [Text]</p>	<p>A new query was added called Indication – this a free text box with a 75 character limit.</p>
