MEDITECH Expanse TIP SHEET

Apheresis

The Apheresis (APHERESS.C.OM) order was updated to account for a new free-text query of indication.

These changes were made in collaboration with the Corporate Service Lines and Provider Product teams

	<p>These are the previous queries for the Apheresis order</p>
	<p>A new query was added called Indication – this a free text box with a 75 character limit.</p>
